

BUILD YOUR EMPLOYEE COMMUNITY CLOSER MEAL BY MEAL

FlagShip™

From small moments to major milestones, every day should be special, which is why we're committed to providing elevated dining experiences for the great minds at some of the world's largest companies.

Genuine hospitality, combined with the highest quality food, international influences and healthy selections create an inspirational atmosphere that helps build community.

IMPROVE EMPLOYEE EXPERIENCES

Giant tech companies understand that well fed employees are more productive. They're leading the charge in employee benefits with corporate culinary services.

You can learn from their insight — you can encourage openness, creativity and thought sharing with an in-house culinary program of your own. When employees interact with one another in a casual and comfortable setting, that often leads to creative problem solving. This ultimately increases productivity and helps companies retain their most productive assets.

WE'LL BE THERE EVERY DAY

We make it easy for you. You won't need to become an expert on culinary services or food programs. We take care of all the staffing and management needs, including: [Recruiting](#) • [Hiring](#) • [Training](#) • [Managing](#) • [Retaining](#)
